

EXIT OUTCOMES

(QUALITY SCHOOLS INTERNATIONAL)

When a student leaves Quality Schools International, it is purposed that each student demonstrate success in specified general outcomes or behaviors. When a student graduates from QSI, these outcomes are built into the graduation requirements and are reflected on both the graduation diploma and the student transcript. These outcomes are also reflected on a continual basis in the student evaluation reports at all age levels.

These Exit Outcomes fall into three categories: Success Orientations, Competencies, and Knowledge. Although there are related and overlapping issues and interdependencies among these three categories, they may be identified by the verbs 'to be' (Success Orientations), 'to do' (Competencies), and 'to know' (Knowledge). They are organized as follows:

I. SUCCESS ORIENTATIONS -

- A. Trustworthiness
- B. Responsibility
- C. Concern for Others
- D. Kindness/Politeness
- E. Group Interaction
- F. Aesthetic Appreciation
- G. Independent Endeavor

II. COMPETENCIES –

- A. Verbal and Written Communications Skills
- B. Numeracy and Mathematical Skills
- C. Psychomotor Skills
- D. Commercial Skills
- E. Artistic and Musical Skills
- F. Thinking and Problem Solving Skills
- G. Decision Making and Judgment Skills

III. KNOWLEDGE –

- A. English/Literature
- B. Mathematics
- C. Cultural Studies
- D. Science
- E. Languages other than English
- F. Creative and Applied Arts
- G. Personal Health & World Environmental Issues

The following pages expand and clarify each sub-heading.

SUCCESS ORIENTATIONS

Quality Schools International considers these success orientations to be primary indicators of future success in advanced education, employment, and life in general. Recognition for success in these seven orientations will be given five times during the school year. Teachers, students, and parents will be constantly aware that these are important components of a student's development.

Responsibility for success in these orientations rests first and foremost in the home; however, they will be actively encouraged and taught in virtually all areas of the school curriculum, with a view to making these success orientations a vital part of the students' life patterns. The school's role is to reinforce the parents' efforts. Thus, the home and school, working together, can enhance progress in these universally accepted characteristics of success.

In an attempt to separate academic evaluations from behavioral evaluations, the success orientations will be evaluated independently. Thus, the academic outcomes will be evaluated solely on the basis of student performance on the specified outcomes of the academic areas. Evaluations of the success orientations will be limited to situations in which the student is under the jurisdiction of the school and will be made by a group of the professional staff for each student. If there is no evidence that a student is unsuccessful in a particular success orientation for an evaluation period, he will be awarded with one success orientation credit which will be noted on the written evaluation. A student who demonstrates noteworthy or exemplary positive behavior in a success orientation will also receive one success orientation credit, which will be noted on the written evaluation with the letter 'E' which denotes 'exemplary'. A student who is unsuccessful in a success orientation will not receive the due credit for that period. The awards given for each student will be reached by a consensus of the appropriate group of professional staff members.

Each of the following seven success orientations is listed with specific related behaviors. These behaviors are to be used as guides to define the meanings of the orientations and to assist the professional staff in issuing awards in the broad categories. The written evaluations will only include the seven broad categories:

A. Trustworthiness

1. **The Student Will** demonstrate honesty by
 - a) habitually telling the truth and avoiding deception.
 - b) telling the truth when negative consequences may follow.
 - c) bringing lost items or money to the teacher or the office.
 - d) being a person who does not cheat on tests.
 - e) being a person who is not involved in theft.

2. **TSW** demonstrate trustworthiness by
 - a) following a commitment with the appropriate action.
 - b) promptly accomplishing an errand when requested by a teacher.
 - c) displaying acceptable behavior when not under teacher supervision.
 - d) being a person who is not involved in vandalism.

B. Responsibility

1. **TSW** demonstrate responsibility by
 - a) coming to school and to each class on time except when ill or otherwise excused.
 - b) bringing appropriate books and materials to class.
 - c) consistently completing assigned schoolwork in a timely manner.
 - d) showing organization and cooperation in completing assigned schoolwork in the prescribed manner (such as name, date, and layout included as directed).
 - e) contributing ideas, reports, research, materials, and/or out-of class involvement which are not assigned.
 - f) taking proper care of materials and equipment.
 - g) taking appropriate action to avoid accidents, to avoid misdeeds, or to aid in a situation of need.
 - h) being careful in making commitments.

C. Concern for Others

1. **TSW** demonstrate tolerance for those of other nationalities, races, religions, cultures, ages, and mental and physical abilities by
 - a) being a person who does not make disparaging remarks concerning those different from themselves.
 - b) joining in group activities with those different from themselves.
 - c) having friendly associations with those different from themselves.
2. **TSW** demonstrate acceptance of others, particularly newcomers, by
 - a) including them in informal social groups.
 - b) being a person who does not actively exclude individuals from group activities.
 - c) approaching newcomers with a view to making them feel welcome.
3. **TSW** demonstrate concern for others by
 - a) avoiding actions or words which hurt another person.
 - b) actions and/or words of support and/or sympathy for those who are unhappy or sad.
 - c) helping others to be successful in their schoolwork, activities, and play.
 - d) displaying unselfish behavior.

D. Kindness/Politeness

1. **TSW** demonstrate kindness by
 - a) being a person who does not make remarks which put down another.
 - b) being a person who does not physically abuse others.
 - c) displaying acts of kindness (sympathy, encouragement, helpfulness, patience, etc) toward others, particularly fellow students.
 - d) giving time and resources to help another in need.
2. **TSW** demonstrate politeness by
 - a) being a person who does not exhibit rudeness.
 - b) using socially acceptable language.
 - c) displaying acts of courtesy toward others.

E. Group Interaction

1. **TSW** demonstrate group involvement by actively participating in activities.
2. **TSW** demonstrate support of leadership by
 - a) displaying words and actions which encourage responsible behavior by others.
 - b) displaying words and actions which promote learning in a classroom by others.
 - c) being a person who does not discourage responsible behavior or learning by others.
 - d) assisting the leadership of others by cooperating and being good followers.
3. **TSW** demonstrate support of group activities by
 - e) displaying a) contributing ideas which are related to the goals of the group.
 - b) being a person who does not make negative comments which are not constructive.
 - c) controlling emotions when discussing different points of view.
 - d) displaying kindness when expressing an opinion
 - e) displaying a cooperative attitude.

F. Aesthetic Appreciation

1. **TSW** demonstrate an appreciation of nature by
 - a) not damaging trees and flowers.
 - b) making positive comments which show appreciation for the beauty of wildlife, mountains, trees, flowers, stars, etc.
 - c) creating artwork which illustrates nature.
2. **TSW** demonstrate an appreciation of orderly surroundings by
 - a) voluntarily picking up unsightly litter.
 - b) putting litter in proper receptacles rather than throwing it on the ground.
 - c) keeping areas of work and play reasonably neat.
3. **TSW** demonstrate an appreciation of the beauty of ideas; musical, artistic, and theatrical creations; mathematical and scientific concepts; and literary works by
 - a) making positive comments or written reports.
 - b) being a person who does not display negative remarks or actions which show a disrespect for such beauty.

G. Independent Endeavor

1. **TSW** show initiative in engaging in tasks other than those assigned with a view to 'in-depth' study or activity.
2. **TSW** consistently set goals which include more than the minimum effort needed to complete a task.
3. **TSW** have the opportunity to pursue a particular interest in an area not in the curriculum or to pursue a curricular area in depth, having a unit outcome created, evaluated, and credentialed.
4. **TSW** show initiative in using the library and other resources in assignments, projects, and homework.

5. **TSW** show reasonable self-sufficiency in completing assignments, projects, and homework.

It is not intended that a student must demonstrate all of the specific behaviors of a particular success orientation in a positive way in order to receive a credit in it. Rather, they are used as guides in defining acceptable behavior and in providing consistency in issuing awards. Some are used to identify exemplary success while others are helpful in identifying when a success credit is to be withheld. A success credit is not withheld for some minor discrepancy. A student must habitually display negative behaviors or have a major behavioral problem in order to have a success credit withheld, and this must be agreed upon by consensus in the appropriate group of professional staff members.

COMPETENCIES

In recent decades there has been a tremendous information explosion along with scientific and technological advances. Thus it becomes increasingly important for young people to develop competencies which give the tools to cope with this age. To become productive participants in modern society, our students need to gain skills related to these advances.

Particularly important are the higher order thinking skills. Skills related to the arts and physical fitness are also important with a view to beauty and quality of life.

These competencies are taught and evaluated in the school's curriculum.

Each of the following seven competencies is listed with broad descriptions of demonstrations of success. These define in general terms the outcomes considered important which will be taught and encouraged in Quality Schools International.

A. Verbal and Written Communication Skills

1. **TSW** demonstrate effective speech by using correct grammar and sentence structure.
2. **TSW** demonstrate effective speech by employing reasonable depth in the use of vocabulary.
3. **TSW** demonstrate effective writing skills in essays, reports, and other written work by using correct grammar, sentence structure, punctuation, and spelling.
4. **TSW** demonstrate effective writing skills in essays, reports, and other written work by careful organization of thoughts and paragraph structure.
5. **TSW** enhance two-way communications by demonstrating effective listening skills.
6. **TSW** demonstrate the ability to prepare neat and efficient written communications using a keyboard.
7. **TSW** demonstrate the ability to obtain information from the library and other sources by conducting research and report writing which reflects sound library and information-gathering skills.

B. Numeracy and Mathematical Skills

1. **TSW** demonstrate facility in the use of numbers in counting, measuring, estimating, and telling time.
2. **TSW** demonstrate computational skills by correctly adding, subtracting, multiplying, and dividing real numbers.
3. **TSW** demonstrate computational skills by using an electronic calculator for addition, subtraction, multiplication, division, finding square roots, and finding percentages.
4. **TSW** correctly use the metric system in measuring length, mass, and volume.
5. **TSW** use the concepts of fractions, proportions, ratios, decimals, and percents, in practical situations.
6. **TSW** correctly gather information from graphs and tables.

C. Psychomotor Skills

1. **TSW** participate in physical development activities and demonstrate an appropriate level of coordination, strength, and general physical fitness.
2. **TSW** participate in one or more life-time sports and/or physical activities and demonstrate an appropriate level of proficiency.
3. **TSW** participate in one or more team sports and demonstrate an appropriate level of proficiency.
4. **TSW** demonstrate a working proficiency in entering data on a keyboard.
5. **TSW** demonstrate success in using equipment (scientific, etc.) and tools in accomplishing the task or experiment for which the equipment is designed and in avoiding damage or injury.

D. Commercial Skills

1. **TSW** correctly use decimal money systems in practical situations (buying, selling, etc.).
2. **TSW** demonstrate the ability to use a keyboard (with proper typing techniques) in preparing neat and organized written communications and in managing information through the use of computer software.
3. **TSW** apply knowledge of percents to calculate interest on loans, discounts on purchases, and various taxes.
4. **TSW** demonstrate proficiency in personal finance skills including banking and budgeting.

E. Fine Arts Skills

1. **TSW** develop music reading and instrument playing skills at an appropriate level aligned with the student's interest, cultural background, and innate talent.
2. **TSW** develop skills in art and in crafts at an appropriate level aligned with the student's interest, cultural background, and innate talent.
3. **TSW** develop skills in drama at an appropriate level aligned with the student's interest, cultural background, and talent.

F. Thinking and Problem Solving Skills

1. **TSW** develop logical thought patterns in solving problems.
2. **TSW** correctly translate word problems to mathematical terms and equations and then solve the problems.
3. **TSW** separate information into components and evaluate the use of each component in leading to conclusions or solutions.
4. **TSW** evaluate various input information and combine the data to lead to conclusions or solutions.
5. **TSW** build upon facts and knowledge using logical thought patterns in creating new ideas.

G. Decision-making and Judgment Skills

1. **TSW** develop a logical approach in making decisions.
2. **TSW** critically evaluate source materials and ask questions such as 'how?' and 'why?'.
3. **TSW** develop habits of carefully weighing evidence on all sides of a dispute, problem, or controversy before making a judgment.
4. In making a judgment, **TSW** carefully examine the evidence with a view to eliminating effects of unfounded prejudices.
5. In making a decision or a judgment, **TSW** carefully examine information with a view to eliminating effects of unfounded information produced by the famous, the media exalted, or by those swept along in the current of popular appeal.
6. **TSW** make reasonably accurate estimations for numerical problems and measurements.

KNOWLEDGE

In order for a student to develop competencies, there must exist a firm foundation of facts and knowledge. Certain facts must be memorized and used as tools in gaining other knowledge and in developing competencies. Other knowledge is gained by building upon and combining

fundamental facts and bits of knowledge. This happens by hearing, seeing, and experiencing in learning situations, followed by practice and repeated exposure. This happens by dialogue, questioning, experimentation, risk-taking, and group activities. This happens by reflection, day-dreaming, imagining, visualizing, and inspiration. No one knows all the ways this happens.

In the modern world, there has been a vast explosion of knowledge which continues today! It is impossible to include all knowledge in a school curriculum. Quality Schools International carefully selects knowledge considered essential for a person educated in modern society and concentrates on mastery of these essentials. The theme "LESS IS MORE" is employed which means that it is better to engage in the study of less information and gain mastery with a view to proficient use as applied to higher learning, than it is to "cover" large amounts of information superficially and without mastery.

Each of the following seven areas of knowledge is listed with broad categories of success. These define in general terms the outcomes considered important by Quality Schools International with a view to mastery by all of our students.

A. English/Literature

1. **TSW** develop a vocabulary in the English language which enables one to pursue higher education.
2. **TSW** know the rules of grammar, punctuation, and sentence structure.
3. **TSW** know how to spell correctly the vast majority of words used and how to find correct spellings for others.
4. **TSW** be familiar with selected literature (English and American) in the English language including fiction, non-fiction, short stories, poetry, and drama.
5. **TSW** know how to use the library and other sources of information in research and report writing.

B. Mathematics

1. **TSW** know number facts (addition and subtraction facts, multiplication tables etc.)
2. **TSW** demonstrate an understanding of geometrical concepts by solving problems involving geometrical shapes (two and three dimensions), by solving problems involving measurements, and by correctly identifying, defining, and using geometrical terms.

C. Cultural Studies

1. **TSW** develop a basic knowledge of the political, cultural, economic, and geographic divisions of the world.
2. **TSW** be familiar with the development of the great civilizations in history, including Egyptian, Greek, Roman, Arab, and Chinese.

3. **TSW** know different forms of government and relate these to countries in the world.
4. **TSW** demonstrate an understanding of the economic forces and economic development of the globe and relate them to different areas of the world.
5. **TSW** be familiar with the development of the United States of America including the main events of its history.
6. **TSW** be familiar with the history and geography of the area of the former Soviet Union and particularly that of the newly independent Ukraine.

D. Science

1. **TSW** know the basics of physical science including the concepts of and descriptions of motion, force, energy, and elementary astronomy.
2. **TSW** know the basics of earth science including beginning meteorology, geology, oceanography, and the structure of the earth's surface.
3. **TSW** know the basics of biological science including botany, zoology, anatomy, physiology, ecology, and models of origins of living things.
4. **TSW** gain a knowledge of experimental hands-on laboratory procedures which clarify and confirm scientific concepts and which give an ability to make independent laboratory tests and experiments.

E. Languages other than English

1. **TSW** develop a vocabulary in at least one language other than English at an appropriate level.
2. **TSW** know the rules of grammar, punctuation, and sentence structure of the same language at an appropriate level.
3. **TSW** know the script, be able to write, and know how to spell correctly the vast majority of words used in the same language at an appropriate level.
4. **TSW** be familiar with the culture (including selected literature) in the same language at an appropriate level.

F. Creative and Applied Arts

1. **TSW** be familiar with the history of the development of classical music including a selection of world composers and their works and that of at least one other type of music from any culture.
2. **TSW** be familiar with the development of an international selection of great art and architectural works.

G. Personal Health and World Environmental Issues

1. **TSW** know how to plan a program of exercise and sports activities with a view to lifetime physical fitness.
2. **TSW** know what constitutes a nutritional and balanced diet and will recognize the dangers of eating disorders.
3. **TSW** know the facts concerning the harmful effects of tobacco, alcohol, and other drugs.
4. **TSW** be aware of the effects of overpopulation, pollution, depletion of the world's resources, and destruction of wildlife and natural areas.
5. **TSW** know the habits of good general personal hygiene with a view to the prevention of disease.
